# SCORING

The World Allstar Federation (WASF) is leading the way in competitive cheer with a scoring system encompassing education, knowledge, transparency and accuracy.

- Your scoresheet is divided into 3 sections, and each section has 3 judges responsible for your final score of that section.
- After the building, tumbling and routine judges have come to an agreement on your final scores, the Deductions Judge will apply building deductions to your BUILDING SCORE and tumbling deductions to your TUMBLING SCORE.
- Then any rule violations will be deducted from your raw score, and this will then give you your final score.

All scoring documents, as well as valuable education resources, can be found on our website at:
